We have been working with Schneiders-Sprach-Service for years. We appreciate the reliable, pleasant, uncomplicated and professional cooperation as well as the quality of the translations. They think along with us - we appreciate that very much.

Monika Chodan | Advertising photography Chodan

BACKGROUND

We have been working with Schneiders-Sprach-Service primarily on translations into English in the field of exhibition production and communication since 2007.

For example, for many years we had the information sheet "PARK News.de - Information and News from the "Siemens Technology Park Berlin" translated into English via Schneiders-Sprach-Service.

Schneiders-Sprach-Service has also supported us with English translations for our challenging exhibition project "TOPOGRAPHIE DES TODES - Im Gedenken der Kinder" - The paediatricians and the crimes against children during the Nazi era" and for our SIEMENS REAL ESTATE project "100 years of administrative buildings".
