TIER

The work in our team and our company is accompanied by a fast pace and it is not self-evident that companies we work with keep up the same pace. However, Schneiders-Sprache-Service manages this effortlessly!

Even the shortest deadlines are no problem for Mrs Schneider and her team. So far, every ad-hoc request has been met and you can be sure to receive the documents at the agreed time.

Ms Schneider always finds a way and I cannot remember a time when the team was unable to deliver.

Even requests for translations in less common languages or requests on a larger scale in various languages are no problem.

Communication is always excellent and reliable, and response times are short. The prices quoted in the offers are kept to.

What I appreciate very much is the really attentive and careful work. Mrs Schneider's team also notices mistakes. There is no mindless translation here. On the contrary, we are contacted and coordinated.

I already worked with the translation agency at my last company. After the positive experiences there, it was natural for me to want to continue our long-standing cooperation.
